Employees

*your employee
assistance program*

A confidential consultation,
counseling and referral program
for employees and their dependents.

*confidential assistance for
problems of any kind*

An EAP, or Employee Assistance Program, provides short-term counseling, resources and problem solving techniques to help with work-life balance, wellness, work-related and personal concerns of any kind. Services are free, confidential and available to employees and their dependents.

Stress Management

Call for an appointment.

All counselors are specially trained to provide an initial assessment of your issue and help you select the most appropriate assistance available to you.

CONFIDENTIAL

SAVE complies with all state and federal laws governing privacy. Information about a client's problem cannot be released without the individual's written consent.

Confidentiality is the **most important** element in the counseling relationship.

PROGRAM COST

There is NO COST to you and your dependents. The fee for EAP has already been paid by your company. If you and your counselor decide additional services are needed, you will be responsible for any costs your insurance does not cover.

SHORT TERM COUNSELING

Most problems can be managed by short-term counseling. Throughout the entire process, your counselor maintains a system of support and follow-up with you. If an outside resource is required, your exact need, financial situation, and geographic location are all considered before a referral is made.
